Use:

1. Ask your pastor to schedule a showing of the Director's Welcome (the shorter version, version I) during a morning worship service, in order to introduce our mission and ministry. During announcements or "mission moments" time works well. You could request that your Women's Ministry president say a few words about your local WM group, welcoming women to participate. Perhaps choose a Sunday just before a special WM event.
2. The longer version (II) of the Welcome could be shown to your local Women's Ministry group. It helps them to be better acquainted with our director and our mission.
3. Leadership Training Conference materials. Consider scheduling a series of five events – at church or in homes. Sample publicity materials, such as bulletin inserts, may be downloaded from our website, www.wmclb.com. Student handout materials should be downloaded and printed from our website also.

Please be sure that the DVD is passed on to your leadership as future officers are elected.
